

FOR IMMEDIATE DISTRIBUTION

ACT Releases SFI-Certified Performance Clutch Kit(S) for the 2006-2015 Subaru WRX

LANCASTER, CALIF., Apr. 26, 2016 — Advanced Clutch Technology (ACT) has released a new 240mm conversion kit family for the 2006-2015 Subaru WRX.

This new upgrade kit has allowed ACT to utilize a 240mm disc instead of the original 230mm included in ACT's SB5 clutch kits. ACT's 240mm upgrade kits provide more heat capacity, lower pedal effort, and a more efficient pressure plate design for better overall feel and drivability. By designing a more efficient pressure plate, ACT has also been able to make an Xtreme version for the WRX 5-speed applications. These Xtreme pressure plates offer 21% more torque capacity than ACT's previous SB5 kits.

The ACT Street clutch kits combine one of the pressure plate choices with a performance organic street disc. The disc features premium organic friction materials able to withstand increased heat and abuse, steel-backed linings for high-burst strength and modifications engineered for quicker shifting. The ACT Street clutch kit provides a moderate and consistent pedal feel, smooth engagement and significantly improved durability. These kits meet SFI Spec 1.1 and have increased torque capacity up to 510 ft.-lbs.

The ACT Race clutch kits combine one of the pressure plate choices with a cerametallic Xtreme Race disc, which is available in 6- and 4-pad spring-centered and rigid-hub designs. These discs are highly durable while allowing for quick shifting. The Xtreme Race discs are for high-powered engines and recommended for track use only. The ACT Race clutch kits meet SFI Spec 1.1 and are rated to hold up to 650 ft.-lbs. of torque at the crank.

Description	Part #	Torque Capacity	Torque Increase over O.E.
ACT HDStreet Clutch Kit	SB11-HDSS	445 ft.-lbs.	32%
ACT HD Race Clutch Kits (6-Pad Spring-Centered)	SB11-HDG6	565 ft.-lbs.	69%
ACT HD Race Clutch Kits (6-Pad Rigid Hub)	SB11-HDR6	565 ft.-lbs.	69%

ABOUT ACT

ACT clutches deliver the maximum holding power through applying a series of sound engineering advancements to new — not rebuilt — components that maximize load and reduce flex. The result is maximum torque capacity, long life and clean, fast shifting.

ACT is a premier clutch manufacturer that has more than 700 different applications and more than 1,300 performance clutch kits. The company's product line features clutches and forged flywheels for the most popular vehicles in the domestic, import, European and truck markets. ACT is headquartered in Lancaster, Calif.

Applications			
Make	Model	Year(s)	Engine
Subaru	WRX	2006-2014	2.5L
Subaru	WRX	2015	2.0L

Application Note: 240mm upgrade kit. Must use ACT flywheel (included in kits).
